Hi Cesar,

As I mentioned to you last night, you as Captain, the Safe Committee, Staff and the Board, all should know as much as possible about the activities of our officers during their shifts when they are patrolling. My understanding is that you and your officers regularly keep logs of any interactions with individuals including the areas that they patrol and what they are noticing.

Could the Committee and staff see these on a regular basis or at least at our monthly meeting to better evaluate where we need to place our resources?

Thanks!

Ron
